Staff: Mitch Humble, Lisa Strickland, Kelly Weeks

Attendance: Roe, Kapeleris, Anderson, Sinclair, Lytle, Pierce, Prater

I. CALL MEETING TO ORDER:

Facilitator Markus called the meeting to order at 8:40 am. She confirmed a quorum was present.

II. CONSENT CALENDAR:

1. Previous Minutes for Approval **March 3, 2017 & March 17, 2017**
2. Approval/Modification of Agenda

III. ITEMS OF DISCUSSION:

1. April 3, Council Presentation of Award to Jay D Bryan and Jean Roberts with gift certificates from Middlekauff Ford

Facilitator Markus explained the presentation to Council will be made April 3, 2017 with the design proposed for the archway. The awards will be postponed until Council gives the direction to proceed with the design the Committee has recommended.

2. Review design and cost by Lytle Signs

Member Lytle reviewed the design that has been proposed and explained the final estimated cost for the project will be around \$225,000.00. This estimate would include getting the plans engineered, installing electricity for the message center sign and the structure itself. A couple of things he said need to be considered is if the structure is made of Corten Steel that will add cost. He also suggested that before spending a huge amount on engineering he suggested that for approximately \$2000.00 the engineered plans could be reviewed to verify that the design Lytle's has proposed is engineered correctly for the project.

Discussion Followed:

- Member Kapeleris asked if the project could be done in phases if the full amount of funding was no available within a certain timeline.
- Mr. Lytle explained that could be possible depending on the funding that is available.
- Member Roe asked about the approximate length of time it would take to complete the project once everything is ready to begin.
- Mr. Lytle explained approximately 60 days.
- Member Sinclair explained that as she was looking at the rendering of the downtown park area and the archway of the street she would like to discuss the location of the message center boxes. She feels like they should be over the driving lane.
- Member Pierce stated that she likes where the boxes are located on the rendering.

Archway Project Citizen Committee

March 31, 2017

Motion:

Member Sinclair made a motion to relocate the message center signs on vertical space closer to the center. Member Kapeleris seconded the motion. Members Sinclair and Kapeleris voted in favor of the motion with Members Prater, Lytle, Anderson, Roe and Pierce voting against the motion.

Motion Failed

Deputy City Manager explained the rendering that has the sign located closer to the intersection of 6th Avenue East and Shoshone Street East is not an optimal location for the County. The county has plans to expand the jail and would prefer that the sign be moved closer to the intersection of 4th Avenue East and Shoshone Street East in front of the Court House. Moving the sign should have a minimal impact on the project.

3. Rotary Death By Chocolate submission status – Paula Sinclair

Member Sinclair reported that a grant request approved by Member Pierce was submitted to the Rotary Club on March 22, 2017, for \$20,000. She commented that this is the type of project they like to support.

4. **Glanbia Application**

- Member Sinclair reported that applying to Glanbia came up at a Twin Falls Community Foundation meeting. She located and completed the Glanbia Charity Fund Request Form, as approved by Member Pierce, online on March 27, 2017. The form requested three donation tiers, which were submitted as \$100,000.00, \$50,000.00 and \$20,000.00. Some request will be selected for in-person presentation in early June.
- Member Pierce explained a request for consideration letter has also been submitted to the Seagraves Foundation and in June she expects that the committee will have the opportunity to make an official request to them as well.
- Member Lytle brought up a suggestion for recognizing the people and organizations that contribute to the fund raising for the sign. He suggested that a plaque be position closed to the location of the sign recognizing the participants.
- Member Roe stated that this was discussed in a previous meeting too and it was suggested that a brick could be inlayed into the sidewalk for people that donate.

Motion:

Member Lytle made a motion to install a plaque for people to be recognized for their donations. Member Roe seconded the motion.

Discussion on the Motion:

- Member Sinclair expressed a concern with having to many names, if lots of people make donations and the donations could range from a small dollar amount to a large dollar amount.
- Member Lytle stated that possibly the bricks could be used as a foundation for the plaque to sit on and that a minimum and maximum donation value be set. The value can determine whether or not the person gets a brick with their name on it or if they get their name on the plaque.
- Member Anderson stated the minimum for a brick could be set between 100.00 and 250.00 and anything above 250.00 would get their name on the plaque.

Archway Project Citizen Committee

March 31, 2017

Motion

Member Lytle amended his motion to include that if a donation is made between 100.00-250 a brick with their name will be used, if the donation is greater than 250.00 their name will be put on the plaque. Member Prater seconded the motion. All members present voted in favor of the motion.

Motion Passed

- Member Sinclair stated these guidelines will be helpful when asking for donations however she would like to see someone volunteer to oversee the brick portion of the project because in the past this has been used and follow through has been deficient.
- Member Anderson stated he would be willing to track the names and the number of bricks for these donations.

5. Define talking points and possible flyer for discussions with partners.

Facilitator Markus explained that as soon as she has gotten feedback from the City Council on Monday, April 3, 2017 to proceed as proposed, she will work with staff to create a flyer that has information regarding the donation process.

6. Assign Partners for funding (County, Service Clubs, School District, etc.)

- Members Sinclair and Pierce will follow-up with the foundations and do research regarding deadlines to make requests.
- Facilitator Markus explained that the committee will need to review the remaining list and submit to her which businesses or people that each member wants to contact.

7. Plan of Action Discussion

Facilitator Markus summarized that the presentation will be made to Council and at the next meeting the Committee will discuss the plan of action for fund raising.

Facilitator: Kathy Markus

Staff: Mitch Humble, Lisa Strickland, Kelly Weeks

Attendance: Roe, Kapeleris, Anderson, Sinclair, Lytle

I. CALL MEETING TO ORDER:

Facilitator Markus called the meeting to order at 8:40 am. She explained because a quorum was not available no motions can be made at this meeting, there can only be discussion.

II. CONSENT CALENDAR:

1. Previous Minutes for Approval **March 31, 2017**

Member Sinclair provided an amendment to the minutes. These changes will be made and brought back to the next meeting for approval.

2. Approval/Modification of Agenda- **None**

III. ITEMS OF DISCUSSION:

1. Archway concept was approved by council (Rene Thompson liked design – artistically pleasing)

Facilitator Markus explained that the City Council approved of the proposed design of the archway at the April 3, 2017 meeting.

2. April ?, Council Presentation of Award to Jay D Bryan and Jean Roberts with gift certificates from Middlekauff Ford

Facilitator Markus stated that now that a design has been accepted by City Council she would work on a presentation to award Jay Bryan and Jean Roberts at a future City Council meeting.

3. Define talking points and possible flyer for discussions with partners.

Discussion Followed:

The Committee reviewed the draft flyer and made a few recommendations for changes. These changes will be made and brought to the next meeting for approval.

Archway Project Citizen Committee

April 5, 2017

4. Discuss contributions over more than 1 year

Discussion Followed:

- Deputy City Manager Humble explained that he has spoken to a local organization that would be willing to pay for the archway project if they could make the contributions over a several years. However, because this is a project that requires a bid the money has to be available at the time the work is awarded so that once the work is complete the contractor can be paid in full.
- Member Roe suggested that possibly this organization could make a contribution to the initial installation of the sign and that an account could be set up that could be used for future maintenance if the wanted to contribute annually.
- Member Anderson explained that the account set up by Twin Falls Community Foundation could be used for this funding and would be set aside in the City's name for maintenance of the project.
- Deputy City Manager explained that he would get back with this organization and discuss this as a possibility.

5. Volunteers for funding source contact

Discussion Followed:

The members picked from the list the organizations, businesses or individuals they would contact about possibly donating to the project.

- Member Sinclair explained that she would like Facilitator Markus contact the members that have been unable to attend and see whom they will be contacting.
- Member Roe agreed, she stated it might also be beneficial to discuss the time and frequency of the meetings to see if that is part of the reason for low attendance.
- Facilitator Markus explained that she would contact those members that are absent and report her findings back to the committee, so that the fund raising process can move forward.

6. Visit with the county – Mitch

Deputy City Manager explained that he will be making a presentation to the County Commissioners and at that time will ask for their support and participation in funding the project as well, now that the City Council has approved the design.

7. Assign Partners for funding (County, Service Clubs, School District, etc.)

Member Sinclair stated that she has contacted all of the foundations on the list and has a couple more request for support to send out. She will report to the committee as soon as she hears anything.

8. Plan of Action Discussion

Facilitator Markus explained she will follow-up with members that were not present. Assistant Administrator Strickland will make the changes to the flyer and the next meeting will be April 21, 2017 at 8:30 am.

DRAFT

Archway Project - Become a Partner

For years, the City of Twin Falls allowed non-profit organizations to advertise events, community fundraisers and special announcements on banners stretched across Shoshone Street. In the fall of 2016 the City terminated this practice for reasons of safety and cost, but expressed an interest in providing an alternative solution. Citizens proposed an electronic message center option to be displayed on an archway spanning Shoshone Street at City Park. A citizen sub-committee was created consisting of representatives from the community, City Council and the County Commission. Design concepts were submitted along with information regarding cost estimates for the project. The design concept pictured above has been approved by City Council.

The estimated cost for the project is approximately \$250,000.00. In addition to funds from the City of Twin Falls we are looking for community partnerships in helping provide funding for this project. Businesses, individuals and families that want to support the project are welcome to contribute.

The Sign Will Be Used For

A WIDE VARIETY OF NON-COMMERCIAL MESSAGES expected to include important information from Twin Falls City & County, CSI and schools, emergency and public safety notices like “Amber Alerts,” community events and non-profit activities of many kinds.

A recognition monument will be placed at the site to acknowledge donations. As a thank you and recognition for your donations between \$100-\$250 a brick including your name or message will be placed at the base of the monument. With a donation greater than \$250 your name, organization or business name, will be displayed on the monument.

! CLIP ART

Clip art is a recurring symbol that is included on many or all bricks. You can offer only one, or up to 12 different options.

! LOGO BRICKS

For logo bricks it is best if the logos are provided as black and white vector artwork in EPS or AI formats. High resolution bitmap images in JPEG and TIFF are also options but do require more graphic time, "and up" is based on any additional graphic and laser time. Increased laser time would be a result of an image that has a large amount of filled in area, or a logo that requires an excessive amount of time to convert.
