2) Items of Consideration

a) Continue discussion of Downtown Commons Mural Project.

Clarification on the artwork was provided. Commission members were concerned that there were two artists that had two pieces selected in the previous meeting.

Discussion ensued regarding having multiple pieces selected from an individual artist for this project, potential concerns were raised.

The placement of the pieces in the frame overlay image was discussed.

Building a rotational set of artwork was discussed. Staff will attempt to return existing pieces that are no longer viable for use to the original artists in lieu of disposal. The current artwork display of the cow was discussed as being in adequate condition to place in the collection for a future rotation.

One panel per artist selected verbiage to be included in future calls to prevent selection of multiple pieces from a single artist.

The lifespan of the pieces was discussed. The longevity of the material that will be used to fabricate the new pieces will last approximately 3-5 years.

Discussion ensued regarding the dates for the upcoming council meeting for approval of this project.

The celebration/party for the unveiling of the projects (Electrical Box Wraps and Downtown Mural Project) was discussed. Potential dates in October 2024 were mentioned.
