Historic Preservation Commission

January 17, 2017

As for the brochures, he would suggest that they are reviewed for accuracy and possibly adding a QR code to them so people can refer to online information. Digitizing the brochures would also be another means for people to print off copies.

Twin Falls is seen as an active community for Historic Preservation, which is why the State Historic Society is so supportive of our efforts.

Commissioner Taylor thanked Mr. Buffaloe for all of his support and assistance. She is very happy to hear that he is not going to resign from his role. She stated that she agrees with Mr. Buffaloe that the Master Plan needs to be inclusive of the Magic Valley because our history does not end at the City Limits. Building a relationship with the other Historic Preservation Groups and other communities is essential.

Motion:

Commissioner Wills made a motion to amend the agenda to move item #3 listed under Old Business to New Business. Commissioner Lattin seconded the motion.

Unanimously Approved

2. Historic Design Guidelines Adoption-Request Update-Kelly Weeks

Planner I Weeks reminded the Commission that the first public hearing to have the Historic Design Guidelines adopted and codified is scheduled for January 24, 2017 at 6:00 PM Planning & Zoning Commission Meeting.

V. NEW BUSINESS:

1. Preserve America Communities Designation Program-Mandi Thompson

Grants and Community Relations Manager Thompson explained that she has found a program she thought that the Commission might like to pursue. She explained the program called Preserve America is a White House Initiative in cooperation with the Advisory Council on Historic Preservation. The program essentially opens up an opportunity for some grants, which was her incentive to bring it to the Commission's attentions. There are quarterly submittal dates for this program so the Commission has some time to review the information and determine whether or not they think the City of Twin Falls would meet the criteria for the program. She asked the Commission to review the eligibility criteria for the program and suggested that as a community she felt the Historic Downtown Revitalization Program could be one of the preservation projects listed in the application. This will make the City of Twin Falls eligible for grant funding if we qualify.

VI. INPUT AND/OR ITEMS FROM THE HISTORIC PRESERVATION COMMISSION

- Commissioner Taylor stated that she will be assisting CSI in a Community Education Walking Tour of downtown around May 13, 2017 10:00am to 12:00pm.

Historic Preservation Commission

January 17, 2017

- Commissioner Culum stated that on April 8th CSI does a give back program, which encourages students to assist in a project for the community. They usually have approximately 100-120.
- Council Liaison Pierce suggested this might be a way to participate in the Operation Facelift program. She does not know what the completion deadline is but we can work on it anytime, maybe this would make it possible for us to participate.

VII. UPCOMING MEETINGS/SCHEDULE: Tuesday, February 21, 2017

VIII. ADJOURN MEETING:

Chairperson Taylor adjourned the meeting at 12:40pm.

Subject: May is Idaho Archaeology and Historic Preservation Month!

I just wanted to take a quick minute to remind all of our CLGs that May is Idaho Archaeology and Historic Preservation Month!

This year's "theme" is "Idaho's Adventures in Preservation". We at SHPO are coordinating a number of different "adventures" throughout the state, including things like bike tours, ATV tours, and even possibly a camping trip guided by Dr. Reid!

And I wanted to pass along an adventure idea that the City of Meridian came up with, that might work well for other communities – a historic preservation focused "scavenger hunt" or "eye-spy" program! You can identify different historic preservation related elements around your community, and then have participants go out in search of them.

Regardless of what activities your thinking of, we can help promote them. Just add your event(s) to your Facebook page, and let us know about it at preservationmonth@ishs.idaho.gov, and we'll add it to the Preservation Month Facebook page!

That helps explain things. I think we got into trouble with the planning stages and gathering up people to help. Sounds like we can get started on that any time.
Thanks

We always schedule two weeks in June. If we start earlier, we run into Memorial Day weekend. I'm hoping starting the second week of June gives you even more time to put everything together especially now that you know five months ahead.

Is it that you need more than 2 weeks? Judging doesn't take place until mid-July so as long as projects are completed by then, you're still ok. So, technically projects can begin before - we just need some work that two weeks - and you have until mid-July (about 6 weeks) to finalize projects you want judged.

Does that help?

Lisa,
Good Morning,
I have a question. We can start earlier then June 5th right? I'm thinking that was our problem last year. We got a really late start and couldn't get things put together.
Thanks

Subject: Operation Facelift 2017 Dates

Good morning. I just wanted to have you mark your calendar for Operation Facelift 2017 scheduled for **June 5 – 16**. Be thinking of potential projects in your community that need a facelift and coordinating volunteer efforts. More details to follow this spring.

Looking forward to your participation this year!

Thank you.

Lisa
