1) Confirmation of Quorum/Call Meeting to Order

Commission Chair Randall Watson called the meeting to order at 09:05 AM

A quorum consisting of Commissioners Hughes, Kapeleris, Bowman, Warren, Weismore, and Watson was present. Staff members present were: Robin Hite, Traffic Tech, Jesse Schuerman, Staff Engineer, Troy Vitek, Staff Engineer, and Sergeant Ryan Howe.

2) Consideration of Amendments to the Agenda

None

3) Consent Calendar

a) Approval of January 11, 2018 meeting Minutes

MOTION: John Kapeleris moved to approve the January 22, 2018 meeting minutes. Ted Warren seconded the motion. All members present approved.

4) Items of Consideration

a) Discussion on whether the Commission should pursue review of the separation of curbs and sidewalks on all residential sidewalks as a substantial safety issue.

Discussion ensued on the following:

City Staff Engineer Troy Vitek presented several scenarios in regards to whether a substantial safety issue existed based upon the separation of curbs and sidewalks on all residential sidewalks. The Commissioners felt the standard practice of the Engineering Department was satisfactory at this time and did not believe any action was necessary at this time.

- b) Discussion on updating of City Code to define the purpose of the Traffic Safety Commission now and in the future. Chairman Randall Watson requested that all Commissioners put their ideas/suggestions in written and bullet form for presentation.

The Commissioners reviewed the current City Code 2-5-2: Traffic Safety Commission Duties and Purposes. Discussion was led by Commissioner Kapeleris to update the language of the code, and the Commissioners provided their input. Sergeant Howe clarified Captain Matt Hicks' goals in the purpose of this Commission. It was determined that the updated language should be kept quite broad to avoid restricting the Commission. Staff Engineer Vitek will present the following bullet points to the City Attorney Fritz Wonderlich for his review and recommendations:

- Review traffic safety issues of all modes of transportation;
- Review traffic coordination and connectivity issues;
- Provide Traffic Master Plan input;
- Be advisory to the City Engineer;
- Review plats as requested by other departments;
- Recommend plans or studies; and
- Provide a public forum on traffic safety and mediate conflicts by citizens and other government bodies.

The Commissioners will review Mr. Wonderlich's opinion before proceeding.

5) Public Hearings - Published Start Time

6) Adjournment

MOTION: John Kapeleris moved to adjourn. Ted Warren seconded the motion. All members present approved. The meeting adjourned at 09:55: AM.

Kathy Minard, Recording Secretary

The speed limit needs to be lowered to 35 MPH on South Park Ave West from Rose St to Grandview Dr. Also, the road needs to have a double yellow no passing lines repainted on the pavement as it used to be. In addition, a 'Use of compression release prohibited' sign needs to be added for East bound traffic upon crossing Grandview drive.

At present the speed limit is 50 MPH with a single yellow line for East bound traffic approximately 200 yards from Rose St. on West on South Park Ave West For East bound trucks the only 'No Jake Brakes' sign is located across the railroad tracks across from Charmac Trailers. Also, last summer a 'No Jake brakes' sign was in place on South Park Ave West for East bound trucks located just West of Grandview Dr. by the '25 MPH unless otherwise posted sign'. Since then the 'No Jake brakes' sign was removed but the '25 MPH unless otherwise posed' sign is still in place. The noise of the truck Jake brake is most annoying and should not be heard by homeowners.

These concerns are a true Safety issues as there are near accidents nearly every day for the homeowners and visitors a long with the farmers due to people driving too fast and not paying attention to locals trying to turn into driveways or farm entrances or trying to speed past a car driving slow with turn signals on. The residents along South Park Ave West are constantly having fast cars unsafely blowing past them as they are legally trying to turn into their property or they nearly collide into the rear bumpers of the turning vehicles. The safety issues go further with the seasonal use of the area midway along South Park Ave West where the Haunted Swamp. Hundreds of visitors making their way to the Haunted Swamp are faced with the same excessive speed issues previously stated. The final safety issue is history of animals being struck and killed by drivers going too fast. A horse was struck and killed several years ago along with several deer on a regular basis. A herd of 12+ deer live in Rock Creek Canyon and the pastures on both sides of South Park Ave West from the railroad tracks going West.

The simple solution of adding 35 MPH signs will prevent accidents, near misses, the killing of deer and the inevitable loss of human life

Memorandum

February 28, 2018

TO: Jackie Fields, P.E.
City Engineer

FROM: Robin Hite
Traffic Engineering Tech.

SUBJECT: Traffic Study for South Park Ave West (between Grandview Dr. and Rose St.

Three citizens submitted a request to determine if the speed limit and striping on this length of road (South Park Ave, from Grandview to Rose St) can be changed. The engineering department did a crash report analysis, a speed, volume and classification study to determine if the speed limit reduction and striping changes are warranted. Robert Werner, Darrel Lewis and Randy Grubbs will be attending the March 8 meeting, I've included Mr. Werner's letter for reference, along with the Speed, volume and Classification reports. They are requesting the speed limit be lowered to 35MPH. They are also requesting that between Rose St. and Grandview a double striped (no passing lines) be installed, and lastly they are requesting a "Use of Compression Release Prohibited" sign be added for east bound traffic upon crossing Grandview Drive. The City has recently installed a "Use of Compression Release Prohibited" sign for East bound traffic and I have reached out to the Twin Falls Police department about speed violators on South Park for both east and west bound traffic, Ryan Howe has agreed to put the word out to his officers, spending additional time on South Park.

A determination was made to see if a speed reduction and double lines were justified. Section 3B.02, No-Passing Zone Pavement Marking and Warrants in "The Manual on Uniform Traffic Control Devices" offers the following guidance on determining whether or not to install a no passing zone on a roadway.

Section 3B.02.03 states that;

On two-way, two- or three-lane roadways where center line markings are installed, no-passing zones shall be established at vertical and horizontal curves and other locations where an engineering study indicates that passing must be prohibited because of inadequate sight distances or other special conditions.

Table 3B-1 states that; **The Minimum Passing Sight Distance for No-Passing Zone Markings for 50mph is 800 feet.**

STUDY DATA

To collect data, traffic counters were set out to record motorist speeds, volumes, etc. Data was collected from Friday January 12, 2018 through Monday January 22, 2018. Counters were set up at one location on South Park. Westbound and Eastbound data was collected just west of Rose St on South Park. The 85th percentile speed for eastbound was 51.5 mph and 49.7 mph for

westbound. Combined volumes on South Park were about 1572 vehicles per day with a little over 16% being truck traffic. A 5 year crash history search showed one crash on this section of South Park in 2012. (08/20/12 16:43 hours; unit one swerved to miss a car, lost control, and went into a ditch).

CONCLUSION & RECOMMENDATION

Based on this engineering study, (except for the recently installed "Use of Compression Release Prohibited" sign for East bound traffic) no change is recommended for South Park Ave. between Rose St. & Grandview Dr.
