a) Finalize Community Center Vision Statement

The Twin Falls Community Center provides superior recreational, educational and social opportunities that welcome those of all ages, unify our neighborhoods, improve our personal well-being and support economic growth.

b) Develop a cost recovery goal for Community Center operation

Discussion took place in regards on how the Community Center is to operate as self supporting center that breaks even, make money or do we continue to subsidize it. Instead of subsidizing there could be organizations that would step up and provide a sponsorship program.

Chris Scholes moved that the Community Center operate at a full cost recovery. Bill Brulette seconded the motion. Motion passed 8 - 0.

c) Review and finalize desired amenities and program spaces

Wendy talked about the types of pools and spaces. Mitch presented a spreadsheet with the amenities broken down by certain categories based on what the community wanted, the card table game that the Committee members played and the surveys that were taken.

d) Develop a construction budget goal for the community center
