MOTION: Bill Brulotte moved to approve the minutes as written. Chris Scholes seconded the motion. Motion passed.

- b) Review proposed community center program and space.

Mitch reviewed the spreadsheet that the architects came up with from the information that was given to them. The goal today is to reach a consensus of what the committee is striving for in the Community Center so that Phase I can be closed. Mitch reviewed what the "soft costs" of the project would be. On the spreadsheet the orange column is what the committee asked for and the blue column is what is being recommended by the architects. Discussion followed. Consensus was not reached and further discussion is required. The Committee was tasked with giving thought to what they believe needs to be included in the center and come to the next meeting prepared to discuss the program spaces further.
